Dear Mrs. Manley:-

Your letter received relative to playing a night game in Ebbets Field. Yes we are interested in playing a night game in Ebbets Field.

We are playing at Washington June 25 and 26 on our first trip East this year and as usual I am depending on Ed Gottlieb for booking while in the East.

You can contact him and see what he has lined up for the Monarchs, or if you don't want to contact him advise me to that effect and I will call and see what he has in view for us.

Ed always contacts us for the big games he has in mind and gets out okay before closing any dates, but he said he would take care of us over ~~the~~ July 2nd. I can't tell what we can do until I find out Eds setup, why don't you call Ed and see what he has done, or has in mind.

Yours truly,

T. Y. Baird
